CAREER OBJECTIVE

A detail-oriented and motivated Web Developer seeking an opportunity to contribute as a Frontend Developer or WordPress Developer. With hands-on experience in WordPress development, responsive layout design, and converting designs into functional, user-friendly websites, I am skilled in HTML, CSS, JavaScript, PHP, Tailwind CSS, Shopify, and Webflow. I have a strong eye for modern UI design, usability, and pixel-perfect implementation, with a growing focus on frontend development and interactive web experiences. I aim to leverage my technical skills, creativity, and problem-solving abilities to build high-quality, responsive, and engaging digital experiences while continuously learning and growing as a developer.
